EVENT OVERVIEW

The School of ECE, in collaboration with the </DevBraze> Club and IEEE Student Branch, proudly presents Code Crusade 2025 — an exciting 14-hour hackathon aimed at fostering innovation, creativity, and technical excellence among students.

This event serves as a dynamic platform for participants to ideate, design, and develop impactful tech solutions addressing real-world challenges. By encouraging interdisciplinary collaboration, Code Crusade empowers students to blend creativity with technology and shape solutions for a better tomorrow.

OBJECTIVE

- Promote hands-on learning in cutting-edge technologies.
- Encourage collaborative problem-solving and creative thinking.
- Bridge the gap between academic learning and industry applications.
- Nurture future-ready engineers equipped with practical and innovative skills.
